

0.1 Education

0.1.1 Consequences of Education

Education has produced a population that is literate but not compassionate. How far is this true in your society (RJC/201?)

Key Words Literate, Compassionate

Thesis When arguing against, can argue points that education does not necessarily end in literacy, or How education has ended in compassion

Think Consider who is accused of not being compassionate, i.e. elite school students? Mechanism of people being brought into elite schools, streaming, meritocracy etc.

Points

A

B
